

Wakatobi

This intimate, eco-friendly resort is located in the Wakatobi archipelago in remote Southeast Sulawesi, Indonesia where they are the only fully licence dive tourism operator. The resort itself is situated on a small island locally called Onemobaa. Our island is beside Tomia Island, one of four major islands covering an area of 821 sq. km. The beautiful resort is built directly at the seaside, with all bungalows spaced along our exquisite beach.

At Wakatobi they offer three different types of diving boat diving on one of their specially designed, locally-crafted dive boats, shore diving on their fabulous house reef and taxi boat diving on the further points of the house reef (their house reef is more than three miles long). You can participate in any one or all three of these options on any given dive day. The choice is completely up to you, based on what your desire is for that given day. They also offer night diving (unguided) on the house reef and 1-2 guided boat night dives.

There are three levels of accommodation: Villas, and Ocean or Palm Bungalows.

All accommodations are spacious and available with a either a king-size bed or two twin beds. It is also possible to request a single bed to be added to a king bed configured room, enabling families to stay together. All of the accommodations have a balcony as well as two lounge chairs for sun tanning and reading outdoors. Some also have a hammock between trees in front. Each room has a desk with internet access, a minibar, and much more. All rooms are equipped with air conditioning as well as ceiling fans.

Whether you like towering pinnacles, steep walls, coral gardens, drift dives, caverns, or caves, the islands in the Wakatobi region offer them all. Their skilled staff develop itineraries based on guests' diving and marine-life preferences. It's all about helping you create the dive holiday of your dreams!

For more information, or to sign up, call (630) 833-8383.

The Trip at a Glance
